

Open Day and Seminar at DETS new laboratory in Scotland

To celebrate the opening of our new asbestos laboratory in Scotland, we are holding an Open Day and Seminar on 24th September 2014

Seminar on Contaminated Land and Water Analysis

Date: 24th September 2014
Venue: BioCity, Bo'ness Road, Newhouse, ML1 5UH
Time: Registration from 9.30
Seminar commences 10.00
Seminar ends 16.30

This seminar is part of DETS ongoing technical support for existing and prospective clients, and provides an excellent opportunity for non-chemist professionals to gain a better understanding of environmental analysis. The topics covered include:

- **Sampling and sample integrity, including deviating samples**
- **Quality control, accuracy and precision, LoDs, MCERTS**
- **Sample preparation and inorganic testing (metals and anions)**
- **Asbestos – methods and current industry activity**
- **Organic testing – basic overview**
- **Volatile Organic Compounds (VOCs) and SVOCs (phenols, PCBs, pesticides, priority pollutants)**
- **Total Petroleum Hydrocarbons (TPH) and PAHs**
- **Leach testing (WAC, Landfill directive) and Bioaccessibility testing**

Our team of very experienced chemists (Hazel Davidson, Mike Cohen, Mike Hopgood) will be available to answer any questions during the day.

There is a small charge of £35 (exc. VAT) per person and a buffet lunch will be included. Please complete the registration form below, or contact hazel.davidson@dets.co.uk for more information.

Registration

Name: _____

Role: _____

Company: _____

Address: _____

Email address: _____
