3.1 POLICY STATEMENT:

Environmental Policy:

Derwentside Environmental Testing Services Ltd (DETS) has realised that as a business it has a duty of care to protect the environment and minimise any impacts of business activities on the environment.

DETS commit to reducing the environmental impacts of the business, both direct and indirect, through the implementation of an Environmental Management System (EMS) to promote continuous improvement of environmental performance and prevention of pollution.

DETS will achieve this through:

- Meeting or exceeding all applicable legal, regulatory or other requirements regarding the environment.
- Assessing all aspects and impacts of processes both current and future.
- Minimise consumption of natural resources (energy, paper, etc.) and promote recycling and reduction of resource consumption within the organisation.
- Operate and maintain company vehicles with due regard to environmental issues and maximise deliveries/pickups to reduce emission and usage of natural resources.
- Implementing this policy at all levels within the company through training and awareness and making it available to interested parties and the general public.
